# High Current, Low-Profile Power Inductors

FLAT-PAC<sup>™</sup> FP0705 Series

## Description

- 125°C maximum total temperature operation
- 7.0 x 7.0 x 4.95mm surface mount package
- Ferrite core material, High current carrying capacity
- Low core losses
- · Controlled DCR tolerance for sensing circuits
- Inductance range from 72nH to 220nH
- Current range from 20 to 65 Amps, frequency range up to 2MHz

# Applications

- Portable electronics
- Servers and workstations
- Data networking and storage systems
- · Notebook and desktop computers
- · Graphics cards and battery power systems
- Multi-phase regulators
- Voltage Regulator Module (VRM)
- DCR sensing

## **Environmental Data**

- Storage temperature range: -40°C to +125°C
- Operating temperature range: -40°C to +125°C (Range is application specific)
- Solder reflow temperature: J-STD-020D compliant

#### Packaging

• Supplied in tape-and-reel packaging, 950 parts per reel, 13" dia. reel

RoHS 2002/95/EC

RoHS compliant

1 Open Circuit Inductance (OCL) Test Parameters: 100kHz, 0.10V<sub>rms</sub>, 0.0Adc

2 Full Load Inductance (FLL) Test Parameters: 100kHz, 0.1Vrms, Isat1

3 Irms: DC current for an approximate temperature rise of 40°C without core loss. Derating is necessary for AC currents. PCB pad layout, trace thickness and width, air-flow and proximity of other heat generating components will affect the temperature rise. It is recommended the part temperature not exceed 125°C under worst case operating conditions verified in the end

4 Isat1: Peak current for approximately 20% rolloff at +25°C.

5 Isat2: Peak current for approximately 20% rolloff at +125°C.

6 K-factor: Used to determine  $B_{p-p}$  for core loss (see graph).  $B_{p-p} = K \star L \star \Delta I \star 10^{-3}$ ,  $B_{p-p}$ : (Gauss), K: (K-factor from table), L: (inductance in nH), ΔI (peak-to-peak ripple current in amps).

7 Part Number Definition: FP0705Rx-Rxx-R • FP0705 = Product code and size

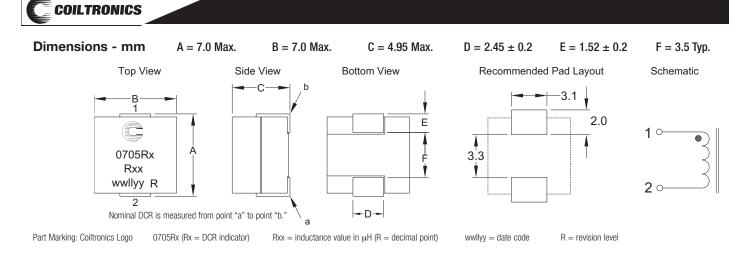

• Rxx= Inductance value in  $\mu$ H, R = decimal point

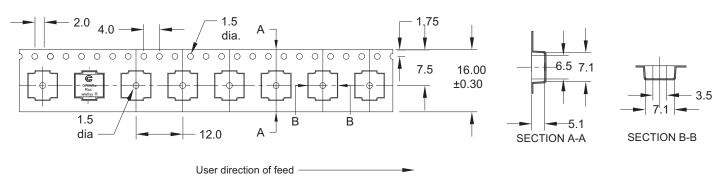

• "-R" suffix = RoHS compliant

application.
